## W. L. Terrell Accepts Position With New Coal Gasification Plant

Mr. Walter L. Terrell, Lago's  
Mechanical Manager, has ac-  
cepted the position of Mechanical  
Superintendent of the new  
Coal Gasification Demonstration  
Plant to be built near Houston,  
Texas, by the Carter Oil Com-  
pany and Esso Research and  
Engineering Company. Mr. Ter-

W. L. Terrell

rell will leave at the end of  
April to assume his new duties

## W. L. Terrell Ta Accepta Posicion Cu Planta di Gasificacion di Carbon

Sr. Walter L. Terrell, Lago su  
Gerente Mechanical, a acepta e  
posicion di Superintendent di  
Mechanical di e Planta nobo pa  
Demonstracion di Gasificacion  
di Carbon cu lo ser construi  
cerca di Houston, Texas, door  
di Carter Oil Company y Esso  
Research and Engineering Com-  
pany. Sr. Terrell lo bai na fin di

in Houston. The product of a  
coal gasification plant is a syn-  
thetic crude oil which can be  
further refined into gasoline and  
other fuel products. Such plants  
would use the extensive coal re-  
serves available in the U.S.A.  
While in Lago's Mechanical De-  
partment, Mr. Terrell was instru-  
mental in restructuring the de-  
partment organization to place  
greater emphasis on planning of  
maintenance work. He has also  
stressed improved equipment and  
unit reliability and refinery  
housekeeping. Walter and his  
wife Mattie have been very acti-  
ve in Community affairs. Walter  
is credited with reactivating the  
Aruba Gun Club and has been  
an active member of the Aruba  
Golf Club. The Terrells have  
been in Aruba nearly four years  
and will be greatly missed by  
all of their friends.

April pa asumi su trabao nobo  
na Houston.

E producto di un planta di ga-  
sificacion di carbon ta un azeta  
crudo sintetico cual por ser re-  
finá adicionalmente pa traha ga-  
solin y otro combustibles. Tal  
plantanan por usa e reserva ex-  
tensivo di carbon cu tin na Mer-  
ca.

Mientras den servicio di Me-  
chanical Department, Sr. Terrell  
tabata instrumental den reorga-  
nizacion di e departamento pa  
pone mas enfasis ariba planea-  
mento di trabao di mantenecion.  
Tambe el a pone accentu ariba  
equipo y confiabilidad di unidad-  
nan y limpieza den refineria.

Walter y su esposa Mattie ta-  
bata masha activo den asunto-  
nan di comunidad.

Walter ta ser creditá pa reac-  
tiva e Aruba Gun Club y el ta-  
bata un miembro activo di Aru-  
ba Golf Club. E familia Terrell  
ta estableci na Aruba pa casi  
cuatro anja y nan lo ser faltá  
hopi door di tur nan amigonan.

Antolin Ridderstaat (c) of Mechanical-Materials receives his service watch from Materials Division Superintendent L.S.F. Anjie on the occasion of his 25th service anniversary on Feb. 18. Looking on is A. Yarzagary, Section Head-Operations.

Francisco V. Koolman, Process-Utilities, Acid & Edeleanu, is presented a 25-year service watch by Process Manager Ted R. Burton in the presence of Gregorio Willems and Utilities Div. Superintendant T. C. Fredrickson, at left.

# Lago Helps Aruban Youth Acquire More and Improved Facilities

Another effort of Lago to help the Aruban youth was the presentation of a check recently to Mr. D. Vrieswijk, the Scouts District Commissioner of the Aruba Chapter of the Antillean Boy Scouts Association (APV), by Lago's Vice President Henry V. Mowell.

In making the presentation at the Santanero Group facilities at Dakota, Mr. Mowell remarked: "We are most happy to assist the organization in developing better facilities for the Aruba youth and the Scout movement in particular."

The Boy Scouts Association in Aruba has a total of about 300 boy scouts divided into four groups. The Baden Powell Group

has a small club building and a football field at Eagle, while the Santanero Group is at present building a new scouthouse at Dakota to replace an old barrack.

San Nicolas has two groups, the Arowak and St. Joris Groups, which will also soon be getting a new scout home near Lago Heights. This will be built by Lago in exchange for the piece of land near the Lago fence, where APV's old troophouse is currently located.

The APV scouts hold regular meetings, camp fires, social programs and training activities, with the cooperation of some twenty scout leaders.

**Lago Vice President Henry V. Mowell hands a check to Scouts District Commissioner D. Vrieswijk during a recent scout gathering at the Santanero Group facilities at Dakota.**

Vice Presidente di Lago, Henry V. Mowell ta entrega un check na Comisario di distrito D. Vrieswijk durante un reciente reunion di padvinders na e facilidadnan di grupo Santanero na Dakota.

## Lago Ta Yuda Hubentud Arubano Logra Mas y Mejor Facilidadnan

Un otro esfuerzo di Lago pa yuda hubentud di Aruba tabata un reciente presentacion di un check na Sr. D. Vrieswijk, e Comisario di Distrito di Padvinders di e Seccion di Aruba di Antilliaanse Padvindersvereniging (APV), door di Vice President di Lago Henry V. Mowell.

Haciendo e presentacion na e facilidadnan di Santanero Groep na Dakota, Sr. Mowell a remarca: "Nos ta masha contento di por asisti e organizacion pa desaroya mejor facilidadnan pa hubentud di Aruba y pa e movimiento di padvinders en particular."

E Padvindersvereniging na Aruba tin un total di mas of menos 300 padvinders parti den cuatro grupo. E grupo di Baden

Powell tin un club chikito y també un veld di voetbal na Eagle, mientras cu e Grupo Santanero actualmente ta trahando un cas di padvinders na Dakota pa reemplaza un barak bieuw.

San Nicolas tin dos grupo, e grupo di Arowak y e grupo di St. Joris. Nan tambe pronto lo haya un troepenhuis nobo na Lago Heights. Esaki lo ser trahá pa Lago en cambio pa un pida terreno cerca di muraya di Lago, unda APV actualmente tin un cas bieuw pa padvinders.

E padvinders di APV ta tene reunionnan regular, kampvuur, programanan social y actividadnan di entrenamiento, cu cooperacion di como binti lidernan di padvinders.

Process Foreman Julio Curiel (r) hands this lovely trophy to Process Manager Ted R. Burton, whose department won the first Lago Divisional Bowling Tournament held at the Esso Club Bowling Alleys late last year.

Process Foreman Julio Curiel (dr) ta entrega e bunita trofeo aki na Process Manager Ted R. Burton, kende su departamento a gana e Promer Torneo di Bowling Divisional di Lago, tení na canchanan di Bowling di Esso Club anja pasá.

## Bowling Trophy Won by Process Turned Over to Department Manager

In a surprise gesture, Julio Curiel of Process - HDS recently turned over the trophy won by his bowling team to the Process Department. The trophy, won by an eight-man team in the first Lago Interdepartmental Bowling Tournament held last year, was presented to Process Manager Ted R. Burton in his office in the General Office Building recently. Julio repre-

sented the Process team which was formed by Gus Genser, Joe Carroll, Chet Rogers, Bill Eagan, Carlos Kwidama, Martines Leo and Steve O'Mara.

Organized by Rudy Amaya and Frankie Kock of the Esso Club Bowling Committee, the tournament was held at the club's modern Bowling Alleys every Thursday during an eight-week span during the latter part

of the year.

A total of 65 bowlers, all Lago and TOA personnel, participated in the tournament, representing twelve company departments and divisions. These were: Process, Technical, Comptroller's, PR/IR - Marketing, Mechanical - M&C, MCS-Comptroller's teams I and II, Process Engineering teams I and II, Mechanical Engineering teams I, II and III, and Esso Research. Sub-champion of the tourna-

ment was MCS - Comptroller's team I, with 2006 pins against the Process team's 2158.

## Nick Ecury Named Zone Supervisor Of Construction & Contract Group

Effective February 1, 1974, Reuben N. D. ("Nick") Ecury was promoted to Zone Supervisor of the Construction & Contract Group of Mechanical-Construction & Turnaround/Facilities Division.

Nick has 26 years of Lago service, including wide and varied experience in most phases of company operations.

He started his Lago career in the Machine Shop where he progressed to Machinist "C" that same year. In 1947 he transferred to T.S.D.-Process as an Engineering Trainee "C" and became a Jr. Engineering Assistant "B" in 1950.

Nick progressed through the various engineering assistant categories until his promotion to Sr. Engineering Assistant in Technical - Engineering Project Division.

He was subsequently assigned to the Mechanical - M&C Division as a Contract Coordinator. Here he was later promoted to Engineering Technician.

Nick's experience in this department includes assignments on the Finger Pier Modernization Project and on the Sea Berth Construction.

A Mechanical Supervisor during the HDS-I project unit construction, he has headed the reorganized Construction & Contract Group since 1973.

Nick, who was educated in Holland where he completed high school, has followed Lago courses in Refinery Chemistry & Process, Process Engineering Assistant and Industrial Power Distribution.

A sea lover, Nick has participated in various international fishing contests. He enjoys skin-diving, waterskiing and doing handicrafts. Every other year he goes snowskiing in Sölden, Austria, during the wintersport activities there.

Nick and his wife Paula live at Ponton. They have one son, Jorge, and three daughters - Catherine, Monique and Chantal.

In a belated presentation, Jacobo de Cuba of Mechanical - Metal Trades, was awarded his 30-year service button and certificate by Materials Division Superintendent L.S. F. Anjie. Looking on is R. Nicolaas of Mechanical - C&T/Facilities Division.

Den un presentacion un poco laat, Jacobo de Cuba di Mechanical - Metal Trades, ■ haya su certificado y emblema pa 30 anja di servicio for di Materials Div. Superintendent L.S.F. Anjie, den presencia di R. Nicolaas di Mech. - C&T/Facilities Division.
